

## TFRI Board of Directors

*Warren B. Miller, M.D.* Rennie joined TFRI in 1983 and has been a Principal Research Scientist and Director of the Aptos Division since that time. With the closing of TFRI/Bethesda in 2009, he also assumes the role of TFRI President.

*Katherine A. Douglas.* Casey has been the accountant and chief administrator of TFRI/Aptos for the past 10 years and is intimately familiar with the goals and workings of the organization;

*David J. Pasta, M.S.* David has been a key collaborator with Warren Miller, providing statistical support for virtually all of the empirical research conducted at TFRI during the past 25 years. David currently lives in Palo Alto, California and is Vice-President at ICON Clinical Research Lifecycle Sciences Group;

*Lawrence J. Severy, Ph.D.* Larry is a retired academic psychologist who has provided major leadership to the Psychosocial Workshop for the past thirty years. During much of that time he was a professor at the University of Florida and, more recently, lead a research team at Family Health International. He has collaborated with Warren Miller on several research projects and has co-authored several publications with him. He currently lives in Boulder, Colorado.

*Nevin D. Lantz, Ph.D.* Nevin is a clinical psychologist with a private practice in Palo Alto, California. He has a broad perspective on psychological theory and has consulted frequently with Warren Miller in the area of reproductive motivation and social bonding.
